ImageValue20
Model and Features（V3.3）

		Scanner Model		
		Model 300 IV300	**Model 450 IV450**	**Model 600 IV600 (World fastest)**
B a s e U n i t	Transport mechanism	Open track air vacuum method for varied–size documents		
	Transport functions	Auto and hand feeder with 3 ultrasonic doubles detection sensors, and automatic deskew mechanism with skew sensors (Gap control feeder to enhance varied–size–paper transport speed is an option.)		
	Max speed：Output resoulution *1 (In the case of 8.27″ x 11.69″ (A4) sized sheet with about 3″ gap during scanning)	300 DPM.：200 DPI 300 DPM：300 DPI	450 DPM：200 DPI 300 DPM：300 DPI	600 DPM：200 DPI 300 DPM：300 DPI
	Transport speed　Min – Max (Inch Per Sec)	56 Single Speed	56 – 84 Dual Speed	56 – 112 Dual Speed
	Paper spec. — Paper Size	Min. 2.52″ X 3.26″, Max 11.69″ X 16.53″ (A3)		
	Paper spec. — Paper Weight *2	11 lbs. – 55 lbs.	11 lbs. – 48 lbs. (450 sheets / min) 11 lbs. – 55 lbs. (300 sheets / min)	17 lbs. – 48 lbs. (600 sheets / min) 11 lbs. – 55 lbs. (300 sheets / min)
	Paper spec. — Paper Quality	OCR paper, high quality plain paper, recycled paper, pressure–sensitive paper *3		
	Front Image Camera (Optional back camera) — Camera specification	High–Speed 300 DPI R, G, B, 24bit full color (256 tone)、 Japanese High–Resolution CCD color camera		
	Front Image Camera (Optional back camera) — Output Resolution (Output Format)	150 – 600 DPI Color(JPEG 24bit)、 Gray(JPEG 8bit)、 Black and white bi–tonal(TIFF) (JPEG2000 format is optional)		
	Light source	High efficient super luminosity LED made in Japan		
	Image functions	Auto cropping, Auto–Deskew, Color dropout, sRGB convert, Auto brightness control, Snippet, and etc.		
	Hopper — Capacity *4	1500 sheets		
	Pocket — Size	Standard small spindle power pocket (Optional large spindle pocket for folded A3)		
	Pocket — Capacity *4	1000 sheets		
	Control PC — OS Windows	Windows7 Professional		
	Control PC — Interface LAN	TCP/IP 1Gb or faster		
O p t i o n	Back Image Camera	Same specification with front camera		
	High Speed scanning option — Max speed：Output resolution *1 (In the case of 8.27″ x 11.69″ (A4) sized sheet	300 DPM.：200 DPI 300 DPM：300 DPI New 300 DPM：400 DPI	450 DPM：200 DPI New 450 DPM：300 DPI New 450 DPM：400 DPI	600 DPM：200 DPI New 600 DPM：300 DPI New 450 DPM：400 DPI
	High Speed scanning option — Camera specification	Ultra–High–Speed R, G, B, 36bit full color (1,024 tone)、 High–Resolution color camera		
	High Speed scanning option — Back Image Camera	Same specification with front camera		
	Numbering (IJP)*7 :Front :Rear — Pre-module *5 Front Only — Characters Font type	100 characters / line Max 5 lines in 0.5 inch OCR-B, Gothic, Ming, etc.	100 characters / line Max 3 lines in 0.5 inch OCR-B, Gothic, Ming, etc.	100 characters / line Max 2 lines in 0.5 inch OCR-B, Gothic, Ming, etc.
	Numbering — Pre-module — Barcode Print	1D Code39,NW7（CodaBar）,ITF,Code128, 2D QR *300 Sheets mode Only		
	Numbering — Post-module *6 Front and Rear — Characters Font type	same as the specification of the pre-module		
	Numbering — Post-module — Barcode Print	same as the specification of the pre-module		
	Recognition — Barcode Software	available		
	Recognition — Characters *8 Software	available		
I n s t a l l	Machine Dimension（W×D×H）	89.4″ x 32.2″ x 53.9″		
	Weight *9	578.6 lbs.		
	Power (50/60Hz)	Single phase 100 – 240V		
	Temparature・Humidity	16 – 26℃, 40 – 60%		

◆The above specification may be changed without notice.
*1 DPM=Documents Per Minute.
The max processing speed figures are based on the following condition.
A4 landscape papers are transported with standard feeder setting. The max speed may be decreased, because of optional configuration, paper quality, paper related settings, software settings, image output sizes, and etc.
*2 Paper quality and paper size may affect transportation .speed. Primagest suggests tests before placing a purchase order.
*3 Pressure-sensitive paper and recycled paper require processing tests.
*4 The paper weight is 55 kg. (A4).
*5 A print module before scanning. Please check the number of print lines, characters per line, and font types.
Black: Versatile Black Red:Spot Red HeartLess Red
*6 A print module after scanning. Please check the number of print lines, characters per line, and font types.
(Left alignment or right alignment can be chosen.)
*7 Print quality of IJP (Inkjet Printer) depends on transportation speed, also paper quality. IJP may not print on gloss papers.
Please check the number of print characters, print lines, and font type beforehand.
*8 Please ask Primagest on recognizable font types.
